## THE UNIVERSITY

### UNIVERSIDADE FEDERAL DE OURO PRETO

Universidade Federal de Ouro Preto - Federal University of Ouro Preto (UFOP) is a higher education and research institution located in Minas Gerais State, southeastern Brazil. It was founded in 1969, from the merger of two traditional schools: Escola de Farmácia - School of Pharmacy (from 1839) and Escola de Minas - School of Mines (from 1876). The institution comprehensively covers various fields of knowledge distributed across thirteen academic units, spread across four campuses located in the cities of Ouro Preto, Mariana and João Monlevade.

### CAMPI

### UNIVERSITY RESTAURANT

Mobility students at UFOP have access to the University Restaurants (RUs), open from Monday to Friday on business days. The RUs provide low-cost lunch and dinner, with each meal costing BRL 7.06.

### ACCOMODATION

International students at UFOP have the chance to have a unique housing experience by living in the traditional Repúblicas (fraternities/sororities), which can be either federal (public) or private students residences. The average price is about BRL 450- R\$700 per month, including different services, such as internet, utility bills, cleaning, etc.

Members of the Welcome Project will assist mobility students in finding a suitable place to live. In addition to this support, the International Relations Office (DRI) compiles a catalog of housing options every semester, a document that is shared with the nominated students.
